

Paul, Lesson 1, Review Game: "U-Turn for Jesus"

Lightly sand a 9x12" sheet of heavy construction paper on both sides, so it will stick to the flannelboard. Cut it down to 8.5x11", photocopy the pattern onto it, and cut the squares apart. (Or cut out the squares from this sheet and stick each one to a larger piece of construction paper about 3x5" that has been lightly sanded on both sides.) On the backs in numerical order write the letters of the phrase "The Son of God" including the spaces between the words. To play, place the squares letter-side-down on the board in numerical order. Proceed according to the directions in the manual.
